

## They studied in CLERMONT-FERRAND ... why not you ?

About 4.500 foreign students choose Clermont-Ferrand as their study destination every year.

> A first-class higher education and research centre, with 30,000 students.

> A high-level technological and industrial environment :

> Research centres :

INRA, INSERM, LIMAGRAIN ;

Tyre, Pharmaceutical and Mechanical Industries ;  
Metallurgy and Agribusiness.

> On a human level, Clermont-Ferrand is a cultural and sporting centre, the world capital of the short film festival and a leader in the field of contemporary music.

> In the heart of the Auvergne region, visitors can discover unique landscapes, rich historical sites and renowned French gastronomy.

> Its central position in Europe makes Clermont-Ferrand the perfect starting point to visit major French and European cities.
